

Passage To Manhood

Passage to Manhood provides an exciting venue for fathers to call their sons up into authentic Christian manhood. This event is specifically designed to engage men in enjoyable adventure activities such as whitewater rafting, hiking and rock climbing. During the evenings, instructors share engaging lessons in what it means to be a man, inspiring sons and fathers to live out authentic Christian manhood. Many of the topics covered in the teachings are illustrated with clips from popular, contemporary movies. Throughout the week each father is given the opportunity to publicly bless his son. There is also time set aside to share deeply with his son about his own manhood journey.

The week culminates with a sacred right-of-passage ceremony where each father calls his son up into manhood in the presence of other like minded men & welcomes him into the community of men.

PASSAGE TO MANHOOD SCHEDULE:

From camp in the North Georgia mountains we will travel short distances every day to experience exciting and challenging adventures in our favorite play-ground, the Smoky Mountains, recognized throughout the world as a premier setting for mountain adventure.

Note: Adventures may be changed due to weather.

3 SEARCHING QUESTIONS

EVERY MAN ASKS:

- What is a man?
 - When & how does one become a man?
 - As a man, what is the goal?
- What should I be aiming for?
